

Callum Gregory

Occupational Therapist

Callum Gregory is an Occupational Therapist who graduated with a Masters of Health Science (Occupational Therapy) from the University of Sydney in 2015.

He has been in paediatric and school-based settings as an OT since 2014.

Callum has developed preschool, primary and adolescent programmes for children with a range of individual differences. He has worked for several years with children who have experienced developmental trauma and children on the Autism Spectrum.

Callum has a particular interest in empowering schools and parents to understand and programme for children with additional needs. He is passionate about ensuring therapy is measured and he works closely with teachers to include occupational therapy outcomes within the context of curriculum.
